FY21 Starting Point	Operating UGF	Capital UGF	Revenue	Deficit				
Tentative Budget	4,073,740	150,000	3,490,000	(733,740)				

On December 14, 2018 the budget released by the administration was an unendorsed budget, with a \$1.6 billion deficit, inherited from the prior administration. On February 13th, and through several subsequent amendments, the administration released a budget that balanced expenditures to revenues and paid a full dividend.

In early June the legislature passed a budget that included \$270 million in general fund reductions from the December 14th starting point. Through veto action an additional \$409 million has been reduced. This enacted budget spends nearly \$680 million, 12.2%, less than the proposed spending inherited by the administration on December 3rd.

The projected UGF deficit, accounting for a potential \$150 million capital budget, has been nearly halved. This puts the state on the path towards a sustainable, balanced, budget. In FY2021, based on current projections and known cost drivers, the administration expects to be faced with a UGF deficit of approximately \$730 million.

* Includes \$1,249.8 million in UGF spending for K-12 Foundation and Pupil Transportation payments in anticipation of a valid appropriation.

** Proposed capital budget amounts included for December and February budgets, \$150m capital budget assumed on other rows.

*** Includes reductions through line item vetoes and accounts for a reduction of \$30 million in additional K-12 Foundation funding not validly appropriated.

FY2020 Enacted Budget Department Summary

Department UGF Totals	FY20 December Release	FY20 GovAmd	Conference Committee	Leg Reductions	Veto Decisions	Enacted	Change from December	% Change
